

Suggested Reading List

Crandall Public Library has been great friends with The Hyde Collection for many years. The Museum's history and the library collide as Mr. Hyde was an early supporter of the Crandall Library. The library's services are used for Museum research, and it's children's storybooks are used in our Tour for Tots preschool program. You can check out e-books, audio books, and more online by following the link provided. The Hyde has put together a suggested reading list that you can access from home for your whole family.

Don't have a library card? No problem, you can apply for a temporary card here: <https://www.crandalllibrary.org/using-.../cards-and-borrowing/>.
